BRINGING NEW LIFE TO YOUR BRAND

About the company

HT Company is a manufacturer of print logos and labels for brands, including those specializing in outdoor activities & sports. HT is a fast-growing company, which supports the latest trends. We have state-of-the-art equipment that allows us to produce heat transfers with a high level of complexity using an automated process. Our technologies, our professional team and the use of high quality European raw materials ensures the exclusivity of our products.

We have a network of agents representing us in the largest regions in terms of the textile industry, such as Turkey, Italy, France, Germany, USA.

Effective solutions to customer needs.

Raw material
100% PU

Speed and high
quality in one place.

Our products

We do our best to protect the environment.
Our products are 40-90% biodegradable.
HT Company uses recycled materials.
All our Company's clients take part in
protecting our planet from pollution.
We offer customers eco-friendly transfers without
technical limitations.

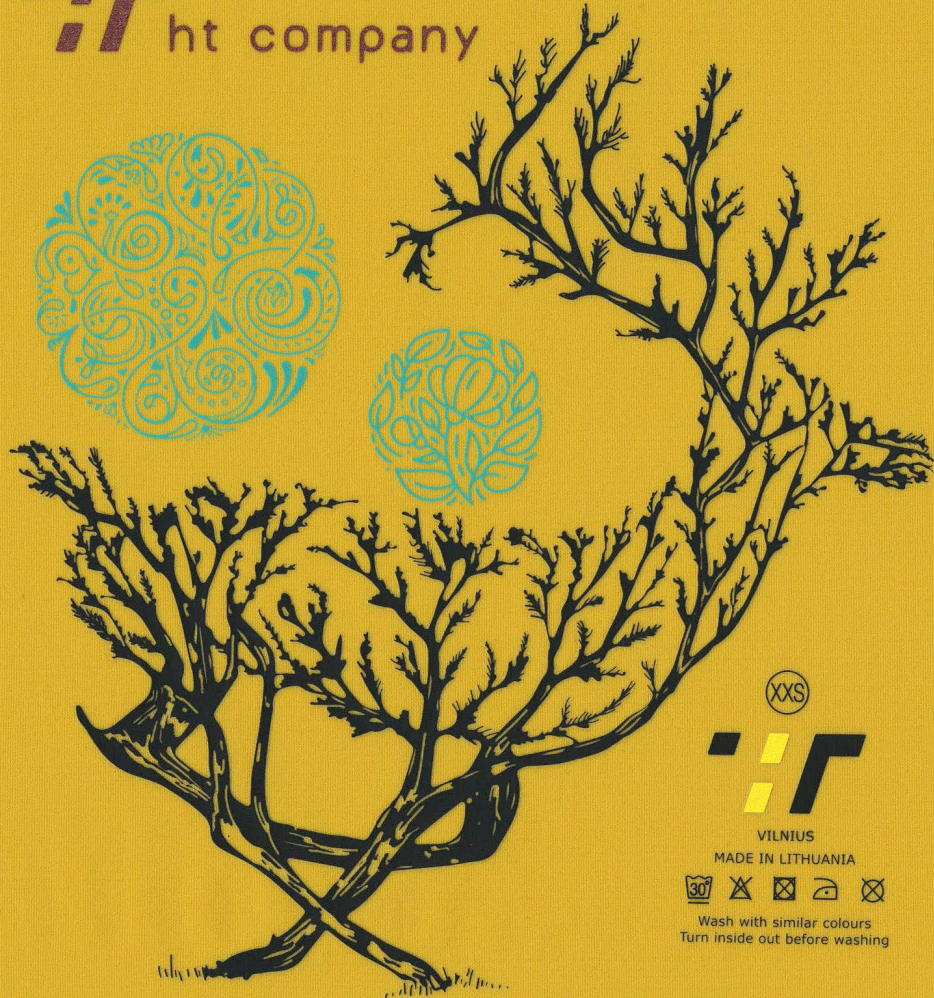

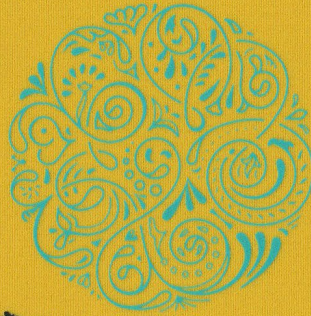

SOFT TOUCH TRANSFERS

BRINGING NEW LIFE TO YOUR BRAND

ht company

MADE IN EUROPE

We recommend you wash your feather clothes with cold water and basic soap powder. Once the washing cycle has been completed and removed from the washing machine, let it dry on a horizontal surface, away from sources of heat and turn around every so often, taking advantage of the movement of the pen inside.

OEKO-TEX®
INSPIRING CONFIDENCE

CERTIFICATE

The company

Heat Transfers Company
Motoru g. 2
02190 Vilnius, LITHUANIA

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use
the STANDARD 100 by OEKO-TEX® mark, based on our test report
20210K0486

for the following articles:

Elastic heat transfers in colors - gloss, matt and reflective, for fabric under pressure and high temperature: logos, labels and other accessories.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Annex 4, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Annex 4 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate 20210K0486 is valid until 31.03.2022

Alcoy (Alicante) España, 17.03.2021
